From The President

At a recent gathering of donors I was struck by the impact their selfless giving has had on the lives of others. For some students, the cost of a college education, especially at a private institution like Friends, would have been out-of-reach. The beneficence of total strangers has thus supported many of our students through their college experience, and for that we are exceedingly grateful. Our students prosper because of your donations; they are challenged to learn and excel and to stay in school because your gifts take away the uncertainty of affordability. And we thank you for that. As we embark upon a new chapter in leadership, one constant remains: Friends is sustained by the gifts of others, and our faculty, staff, and students are stewards of that good fortune. Some of you are alums, others alums-by-choice – but all of you are Falcons at heart who love Friends and want to ensure that our students are able to benefit from the educational opportunities Friends has to offer for many years to come. And for that we thank you.

Dr. Darcy A. Zabel
Interim President, Friends University

From The Vice President of University Advancement

On behalf of the entire Friends University community, thank you for helping us with fundraising. Thank you for believing in our mission. Thank you for supporting our students and programs. Thank you for being a true partner to Friends University. Friends is a community sustained by hope and nurtured by faith, and our donors and students alike cherish the awesome responsibility they have in carrying the mission forward.

Our 2015 Donor Report will include profiles of Donors as well as stories of those who have benefitted from their generosity. Under our new slogan, "Believe, Bequeath, Befriend", Friends University will tell your story of generosity and our story of appreciation. The Advancement office will work hard to ensure that your gifts are well received, well utilized, and well appreciated. Our campus is student-centered and our focus is clear: we celebrate the fusion of faith and learning. Thank you for your confidence in, and commitment to, our community of learners.
