ELEMENTARY EDUCATION AT A GLANCE

As an Elementary Education major, you can make a difference in the lives of children every day. The Friends University Elementary Education program has maintained a high level of visibility and excellence throughout the years. Professors in the education department emphasize the latest techniques for providing quality instruction for children. Friends University enjoys an extremely positive relationship with the public schools in Wichita and the surrounding areas. This four-year program includes an internship at the elementary school level during the fall semester of the student's senior year. Graduates are licensed to teach by the state of Kansas after successfully completing the degree and passing the Principles of Learning & Teaching (PLT) Exam.
