Friends University

Mission – Who We Are

Friends University, a Christian University of Quaker heritage, equips students to honor God and serve others by integrating their intellectual, spiritual and professional lives.

Vision – Where We Want To Be

Friends University will provide a high quality learning experience with nationally recognized programs and a focus on transformative education that places special value on each individual, shining the light of God's love to our community and world.

Values

R.I.S.E. Core values are ideals shared by the Friends community, influencing our behaviors and attitudes:

Respect – Integrity, civility in our words and actions, regard for others.

Inclusion – A spirit of cooperation and equality.

Service – A commitment to servant leadership, caring for each other and our community.

Excellence – Giving our best to our students at all times (student focused), that we may walk truly in the light of our faith (honor God).

GENERAL EDUCATION OUTCOMES

Every student who graduates from Friends University will complete a general education program intentionally designed to build essential skills and prepare you for a diverse and ever-changing work environment. General Education courses are provided by different academic divisions to provide a cross-discipline approach to developing skills in critical thinking, quantitative analysis, written and verbal communication, and collaboration with peers from different disciplines.

General Education Goal 1: Intellectual and Practical Skills

Developing relationships and skills to be used while in college: Students will be able to analyze and evaluate assumptions, claims, evidence, arguments, and forms of expression; develop effective study skills, find campus resources, and interact with others in the university community.

General Education Goal 2: Quantitative Literacy

Quantitative problem solving: Students will be able to define a problem, analyze numerical information, apply mathematical principles, and integrate quantitative methods into problem solving.

General Education Goal 3: Communication Skills

Developing writing and speaking skills: Students will be able to generate, explore, organize, and convey ideas in writing and orally, using language and other media (for example, digital texts, images, and graphs) to present those ideas clearly, confidently, and in a manner appropriate to specific communication situations.

General Education Goal 4: Breadth of Knowledge

Exploring traditional disciplines: Students will be able to demonstrate basic competence in the principles, theories, and analytic methods used in each of the following: humanities, natural sciences, business, arts, and social sciences and history.

General Education Goal 5: Culture and Diversity

Examining diverse cultures: Students will be able to investigate the diversity of human experience within the United States and abroad, considering, for example, age, culture, disability, ethnicity, gender, language, race, religion, sexual orientation, and social class, and appreciate the contributions of different social groups. Students will examine a variety of perspectives in the global community, distinguish their own cultural patterns, and respond flexibly to multiple worldviews.

General Education Goal 6: Personal and Social Responsibility

Examining responsibility to self and society: Students will be able to develop and apply a combination of knowledge and skills to demonstrate an understanding of social responsibility and ethical behavior. Furthermore, students will be able to act on this understanding of social responsibility and ethical behavior to others in one's local, national, or global community, and contribute positively via leadership, collaboration, or other direct action.

General Education Goal 7: Integration, Applied, Learning, Creativity

Synthesis of acquired knowledge put to use: Students will be able to analyze and combine information from different areas within or across disciplines to approach and explain existing questions and problems from new perspectives, to pose new questions, and to generate new ideas. Furthermore, students will be able to think, react, and work in imaginative ways that produce innovative expressions and original perspectives.

General Education Goal 8: Religion

Students will be able to demonstrate an understanding of the role of Christian faith in contemporary society.

²Fall to Fall Success Rate = Percentage of fall class who either graduate or persist from one fall semester to the next

³Eligible Returner Retention = Percentage of students who persist from one semester to the next, after removing graduates

⁴Converted Score Scale (expected distribution of courses): Highest 10% (>62); Next 20% (56-62); Middle 40% (45-55); Next 20% (38-44); Lowest 10% (<38)

¹ Average Annual Cost = The average annual net price for federal financial aid recipients, after aid from the school, state, or federal government. For public schools, this is only the average cost for in-state students.

² Students Paying Down Their Debt = The share of students who have repaid at least \$1 of the principal balance on their federal loans within 3 years of leaving school.

³ Students Receiving Federal Loans = The share of undergraduate students who borrowed federal loans to help pay for college. Excludes Parent PLUS loans.

⁴ Typical Total Debt = The median federal debt of undergraduate borrowers who completed. This figure includes only federal loans; it excludes private student loans and Parent PLUS loans.

⁵ Typical Monthly Loan Payments = The median monthly loan payment for students who completed, if it were repaid over 10 years at a 4.29 percent interest rate.

⁶ Graduation Rate = The graduation rate within 150 percent of the expected time to completion (typically six years for schools that award predominantly four-year degrees). These rates are only for full-time students enrolled for the first time.

⁷ Students Who Return After Their First Year = The share of first-time, full-time undergraduates who returned to the institution after their freshman year.

⁸ Percentage Earning Above High School Grad = The share of former students earning more than \$25,000, or about the average earnings of a high school graduate aged 25-34, 6 years after they first enroll.

⁹ Salary After Attending = The median earnings of former students who received federal financial aid, at 10 years after entering the school.

¹⁰ Socio-Economic Diversity = Percentage of undergraduate students have a family income less than \$40K and receive an income-based federal Pell Grant to help pay for college.

¹Information comes from 20-day census reports and may not include information for students who have not yet registered for term 2

²Fall to Fall Success Rate = Percentage of fall class who either graduate or persist from one fall semester to the next

³Eligible Returner Retention = Percentage of students who persist from one semester to the next, after removing graduates

⁴Converted Score Scale (expected distribution of courses): Highest 10% (>62); Next 20% (56-62); Middle 40% (45-55); Next 20% (38-44); Lowest 10% (<38)
