Friends University

Mission – Who We Are

Friends University, a Christian University of Quaker heritage, equips students to honor God and serve others by integrating their intellectual, spiritual and professional lives

Vision – Where We Want To Be

Friends University will provide a high quality learning experience with nationally recognized programs and a focus on transformative education that places special value on each individual, shining the light of God’s love to our community and world.

Values

R.I.S.E. Core values are ideals shared by the Friends community, influencing our behaviors and attitudes

Respect – Integrity, civility in our words and actions, regard for others.

Inclusion – A spirit of cooperation and equality.

Service – A commitment to servant leadership, caring for each other and our community

Excellence – Giving our best to our students at all times (student focused), that we may walk truly in the light of our faith (honor God)

Common Core Outcomes

Every student who graduates from Friends University will complete a Common Core program intentionally designed to build essential skills and prepare you for a diverse and ever-changing work environment. Common Core (General Education) courses are provided by different academic divisions to provide a cross-discipline approach to developing skills in critical thinking, quantitative analysis, written and verbal communication, and collaboration with peers from different disciplines. Common Core (Student Affairs) programs and activities are also provided by different co-curricular divisions to incorporate learning beyond the classroom.

Common Core Goal 1: Intellectual and Practical Skills

Developing relationships and skills to be used while in college: Students will be able to analyze and evaluate assumptions, claims, evidence, arguments, and forms of expression; develop effective study skills, find campus resources, and interact with others in the university community.

Common Core Goal 2: Quantitative Literacy

Quantitative problem solving: Students will be able to define a problem, analyze numerical information, apply mathematical principles, and integrate quantitative methods into problem solving

Common Core Goal 3: Communication Skills

Developing writing and speaking skills: Students will be able to generate, explore, organize, and convey ideas in writing and orally, using language and other media (for example, digital texts, images, and graphs) to present those ideas clearly, confidently, and in a manner appropriate to specific communication situations.

Common Core Goal 4: Breadth of Knowledge

Exploring traditional disciplines: Students will be able to demonstrate basic competence in the principles, theories, and analytic methods used in each of the following: humanities, natural sciences, business, arts, and social sciences and history.

Common Core Goal 5: Culture and Diversity

Examining diverse cultures: Students will be able to investigate the diversity of human experience within the United States and abroad, considering, for example, age, culture, disability, ethnicity, gender, language, race, religion, sexual orientation, and social class, and appreciate the contributions of different social groups. Students will examine a variety of perspectives in the global community, distinguish their own cultural patterns, and respond flexibly to multiple worldviews.

Common Core Goal 6: Personal and Social Responsibility

Examining responsibility to self and society: Students will be able to develop and apply a combination of knowledge and skills to demonstrate an understanding of social responsibility and ethical behavior. Furthermore, students will be able to act on this understanding of social responsibility and ethical behavior to others in one’s local, national, or global community, and contribute positively via leadership, collaboration, or other direct action.

Common Core Goal 7: Integration, Applied, Learning, Creativity

Synthesis of acquired knowledge put to use: Students will be able to analyze and combine information from different areas within or across disciplines to approach and explain existing questions and problems from new perspectives, to pose new questions, and to generate new ideas. Furthermore, students will be able to think, react, and work in imaginative ways that produce innovative expressions and original perspectives.

Common Core Goal 8: Religion

Students will be able to demonstrate an understanding of the role of Christian faith in contemporary society

Common Core Goal 9: Personal Development

Personal growth in mind, body, and spirit that contributes to forming the whole person: Students will be able to engage in behaviors that promote health and wellness; acknowledge personal strengths and growth areas; articulate and scrutinize personal values and beliefs; use reflective thinking to expand self-knowledge, growth, and maturity; explore issue of life purpose, meaning, and Faith; apply unique elements of Quaker spirituality to personal life; and use self-knowledge for vocational discernment.

Common Core Goal 10: Interpersonal Competence

Forming and managing healthy interpersonal relationships: Students will be able to treat others with respect; manage and resolve interpersonal conflicts; communicate effectively in writing, speaking, and artistic expression; work collaboratively with others; and lead others in commitment and action.

¹ Average Annual Cost = The average annual net price that a student who receives federal financial aid pays to cover expenses (e.g. tuition, living expenses, etc.) to attend a school. Net price is the school's cost of attendance minus any grants and scholarships received. For public schools, this is only the average cost for in-state students.

² Graduation Rate = The proportion of entering students that graduated at this school within 8 years of entry, regardless of their full-time/part-time status or prior postsecondary experience. Graduation is measured 8 years after entry, irrespective of the award sought or award obtained.

³ Students Who Return After Their First Year = The share of first-time, full-time undergraduates who returned to the institution after their freshman year.

⁴ Students Receiving Federal Loans = The share of full-time, first-time undergraduate students who borrowed federal loans to help pay for college. Note that this percentage does not include students who transferred into the institution, part-time students, and non-first-year students.

⁵ Median Total Debt After Graduation = The median cumulative federal debt of undergraduate borrowers who graduated. This figure includes only federal loans; it excludes private student loans and Parent PLUS loans.

⁶ Typical Monthly Loan Payments = The median monthly loan payment for student borrowers who completed, if it were repaid over 10 years at a 4.53% interest rate. This 10-year fixed payment plan is just one of several plans available to federal borrowers, please see the repayment calculator to estimate monthly payments for alternative plans.

⁷ Salary After Completing = Typical earnings in the first year after graduation with the range of highest and lowest median earnings for undergraduate and credential programs for which there is data.

⁸ Socio-Economic Diversity = Percent of full-time, first-time students receiving an income-based federal Pell Grant intended for low-income students.
