HOW TO USE THE FRIENDS UNIVERSITY FACT BOOK

The Friends University Fact Book is intended to be a reference source for data about students, faculty and staff, financial and fiscal resources. It presents a summary of facts that can be used by the University community and others with an interest in the University.

Although every effort is made to assure the accuracy of the data as reported from the source documents or source data, reports are not represented to be error-free. Data may be subject to update and correction without notice.

A Fact Book should be a relevant, functional, dynamic tool. Your suggestions for new ways of presenting information or additions of data to improve future editions are welcome.
