

SPECIALIZE IN THE SCIENCE OF READING.

Learn to implement Structured Literacy to help struggling readers in your teaching practice.

Our courses are recognized by the Academic Language Therapy Association (ALTA)* altaread.org to certify Academic Language Therapists. Academic Language Therapy is the diagnostic and prescriptive application of Multisensory Structured Language, engineered to mitigate or remediate Written Language Disorders, including dyslexia.

Certified Academic Language Therapists (CALTs) complete a series of study, practice, and ALTA requirements to provide intensive, results-driven science of reading instruction.

You can apply graduate credit elective hours toward the Dyslexia and Literacy Interventionist Concentration through an adjunct instructor partnership with Friends University, indicated with a gold marker badge in their Dyslexia Intervention Guide (available at funlearn.org/courses.)

(Courses are newly named as "Structured Literacy Intervention Specialist" courses by Friends University.)

***What is ALTA?**

Teach struggling readers how to read. Become a Structured Literacy Intervention Specialist.

Courses are conveniently scheduled throughout the year at Phillips Fundamental Learning Center, PFLC. (funlearn.org) For more information, call Sydney at PFLC, 316-684-7323.

Every school needs a Structured Literacy Intervention Specialist.

Be the one who makes an impact on the success of your students.
