# The Challenges

The art challenges are hands-on competitions that will take place throughout the morning of the event. Students must register for the art challenges in advance so that materials will be available. The number of students allowed per challenge, per school, is limited to 20 students to provide a quality, rewarding experience for everyone.

## Art Masterpiece Chalk Mural Challenge

Each school team will have the opportunity to create an image (maximum size 3x5 ft) of a historical art piece with a modern interpretation. Teams will be made up of three to five students. Participants may bring a sketch of the planned mural and art reproductions of the original artwork. Media used will be chalk on brown craft paper/sidewalk. This event will be limited to 3 teams per school.

**Theme:** Renaissance or rebirth.

**Evaluation criteria:** Easily identifiable as an artwork from the past; image is updated to contemporary images, ideas or thought.

**Duration:** Session one and two.

**Location:** North side of the William Penn Science Building (outside).

## Wire Sculpture Challenge

Participants will create wire sculpture images by bending and shaping wire. The subject will be assigned at the beginning of the challenge. This challenge is limited to 25 students per session.

**Evaluation criteria:** Strongly resembles the object depicted; made of one continuous line of wire.

**Duration:** Session one.

**Location:** Engineering Lab 140.

## Quick Draw Challenge

Participants will draw 5 gesture drawings from a model in 10 minutes. Using one of these as a reference, the participants will have the rest of the session in which to elaborate upon the image, which might include a setting, details, etc. Participants will have a choice of drawing media. This challenge is limited to 25 students per session.

**Evaluation criteria:** Complete image developed from the initial pose. Composition is interesting to look at through the successful use of compositional elements and principles.

**Duration:** Session two.

**Location:** Art Lab 144.

## Photography Challenge

Participants will take 12 photos on campus grounds that show Elements of Design (texture, space, line, shape, value, color) and Principles of Design (repetition/pattern, balance, emphasis, rhythm/movement, contrast, unity). Photographs will be taken with a smart phone, and students can edit images for cropping, light/color balance, or sharpness but may not use any kind of filters. Then submit entries on Instagram using the hashtag **#friends\_art\_challenge**. This challenge is limited to 25 students per session.

**Location:** Begin at the south side of the William Penn Science Building/university campus.

# Registration

Please remember that the max number of students that each school can bring to Art Challenge this year is 20 students, this is to ensure that everyone receives the best experience. **Deadline to register for Art Challenge 2024 is March 22.**
